March 2020, "lockdown" the Pandemic.
Human nature dictates once we are told to stay inside, our mind wanders to the outside and to some bucket list activities. Always meant to; go pick blue berries, plant a vegetable garden, walk a couple of miles every-day, cook two gourmet meals a week, teach the children to roller skate, learn another language and the list goes on. Now that we are reaching Post Pandemic life, do you still have your list, turn your visions, actions into images for this exhibition reflecting hope in these trying times
